For: AGRICULTURAL METHODS : PATENT UNDER 37 CFR 1.178
WITH SUPERHEATED STEAM :

Applicant's request filed December 29, 2003, under 37 CFR 1.178 for the return of the original Patent No. 5,867,935, surrendered in the abandoned Reissue application no. 09/735,186 is hereby **GRANTED**.

There was an earlier decision on this request mailed September 24, 2004 in which it was indicated that the above original patent could not be located. Recently the patent turned up and since the patent that was surrendered was not the patent being reissued, but rather was submitted in error, it is hereby returned.

The original patent is attached to this decision.
